

24" x24" Pre-Filter Panels

Pre-Filter Panels in 2" and 4" Depth

Economical, easy to install, these panels sit in front of primary filter panels, providing a first stage of filtration on large particulate. An effective way to extend the life of the primary filters. Can be changed out without shutting down the turbine. Choose either airlaid polyester or cellulose media. The beverage-board frame styles are fully incinerable. All measure 23.38 inches wide by 23.38 inches high. Depths vary, as shown below.

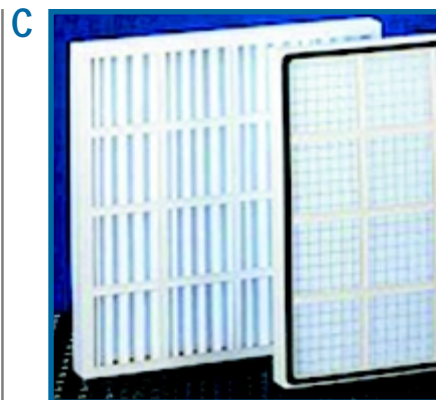

Heavy-Duty Mist Eliminator

This sturdy metal-frame pre-filter with metal mesh media separates moisture from the incoming airstream -- before it can damage your primary filters. Designed so that coalesced water simply runs off.

Part No.	W	H	D
P19-1752	23.5	23.5	1.88

For an explanation of the F5 and G4 ratings, see notes on ASHRAE Efficiency Tests on page 15 and the filter classification equivalency table on page 38.

Reusable Frame with Economical Inserts

Economical pre-filter offers a choice of media types inside a reusable 24" x 24" plastic frame, either 2" or 4" deep. Replacing the insert is consistently economical once the plastic frame is in place. Fully incinerable.

Media choices:

- (1) Pleated synthetic, (shown front & back in photo above) rated at F5, 50% dust spot efficiency on fine test dust;
- (2) non-woven polyester, a depth loading media, rated at G4, 90% arrestance on coarse test dust;
- (3) Poly foam, resistant to water aging, designed for humid/wet environments.

Pre-Filter Panels

Part No.	Description	Ref Photo	Depth	Frame	Media
8PP-41775-00	Pre-Filter Panel	A	4"	Metal	Airlaid polyester, pleated
P19-1249	Pre-Filter Panel	A	4"	Beverageboard	Airlaid polyester, pleated
8PP-46286-01	Pre-Filter Panel	A	2"	Beverageboard	Cellulose, pleated
P19-1752	Mist Eliminator	B	2"	Metal	Metal mesh
P19-1978	Pre-Filter Panel	C(1)	2"	Plastic (reusable)	Synthetic, pleated, F5
P19-1979	Media insert	C(1)	2"	none*	Synthetic, pleated, F5
P19-1980	Pre-Filter Panel	C(2)	2"	Plastic (reusable)	Synthetic, G4
P19-1981	Media insert	C(2)	2"	none*	Synthetic, G4
P19-1982	Pre-Filter Panel	C(1)	4"	Plastic (reusable)	Synthetic, pleated, F5
P19-1983	Media insert	C(1)	4"	none*	Synthetic, pleated, F5
P19-1984	Pre-Filter Panel	C(2)	4"	Plastic (reusable)	Synthetic, G4
P19-1985	Media insert	C(2)	4"	none*	Synthetic, G4
P19-1986	Pre-Filter Panel	C(3)	2"	Plastic (reusable)	Poly foam
P19-1987	Media insert	C(3)	2"	none*	Poly foam

* Media insert fits the plastic reusable frame
